

Basic Wastewater Math

Three Consecutive Wednesdays beginning March 3, 2010
Rutland WWTP, Rutland, VT
8:30 a.m. - 3:30 p.m.
Sign-in begins at 8:00 a.m.

This three-day course is designed to help students develop basic math skills and to provide a review of basic math concepts and computations. The course will help prepare students for the math problems encountered in grades 1-2 certification exams for municipal wastewater treatment.

The instructor will provide a short review of the operation of fractions, and then explain in detail unit analysis and the importance of working with conversion factors. Other topics include percentages, proportions and concentrations. Participants will also receive an introduction to problem solving and basic wastewater treatment formulas.

Students must bring a basic calculator.
